Youth Support Services – Pupils Aged 13+

Once our pupils reach Year 9, we pass pupil information to our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996. This enables them to provide services as follows:

- youth support services
- careers advisers

A parent or carer can object to any information in addition to their child's name, address and date of birth being passed to their local authority or provider of youth support services by informing us via email to enquiries@maletlambert.hull.sch.uk. This right is transferred to the child / pupil once they reach the age 16. Data is securely transferred to the youth support service via encrypted email and is stored electronically and held for in accordance with the local authorities retention schedule.

For full details of how pupil data is used please see our Privacy Notice here:

SAFEGUARDING CORNER

Preventing children from developing extreme views and becoming involved with extreme groups

As we always say in safeguarding corner; any of this could happen to any of our pupils; whether in school or out of school, whether on-line or in person, whether they are making great academic progress or are not yet on track, whether they attend well and need to improve attendance.

Prevent is a government strategy initiated in 2011 and is designed to stop people, including school aged pupils, becoming terrorists or supporting terrorist or extremist causes. The Prevent strategy covers all types of terrorism and extremism, including from the extreme right wing which is thought to be a growing area of concern in the UK.

Approaches to young people by extreme groups often start by attempting to develop a shared and increasing hatred towards a group of other people based on their religion or politics for example.

Increasingly, such groups will use the internet including chat rooms and gaming forums to test out the views of young people and develop a shared hatred. This process of "recruiting" people is called "radicalisation"

Key Terms

Extremism – vocal or active opposition to fundamental British values such as democracy, the rule of law and tolerance of different faiths and beliefs
Ideology – a set of beliefs

Terrorism – a violent action against people or property, designed to create fear and advance a political, religious or ideological cause

Radicalisation – the process by which a person comes to support and be involved with extremist causes

What to look out for?

A sudden and increased focus on one particular way of thinking or one particular section of society such as a particular religion.

Evidence of very targeted hateful language when the young person talks about a group

The use of negative terms when speaking that you have not heard them use before

Reference to new people whom you have never met and who seem to only interact over the internet

A withdrawal from existing friends and family - over and above what you would expect.

How can you help and support?

Gently probe their thought process if they do express extreme views

Check their internet use in the way that you feel is best as a family. For example, does their browser reveal specific focused searches for specific material?

Find out from those closest friends whether they have noticed any of the changes you have noticed

Get in touch with the school for a chat to see if we have noticed anything

Is there a link to a helpful resource if i want to know more?

There are many but here is just one ;
