

# IT User Guide

## Sparx Login Guide

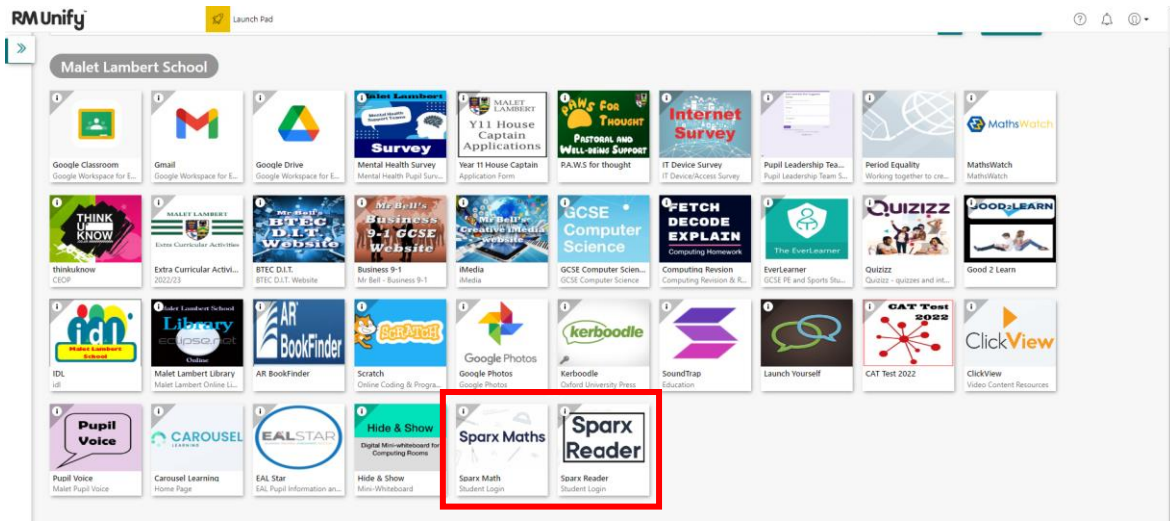

- 1) Go to the Malet Lambert school website: <https://www.maletlambert.co.uk/>
- 2) Scroll to the bottom of the home page and click on **RM Unify** found in the bottom right:

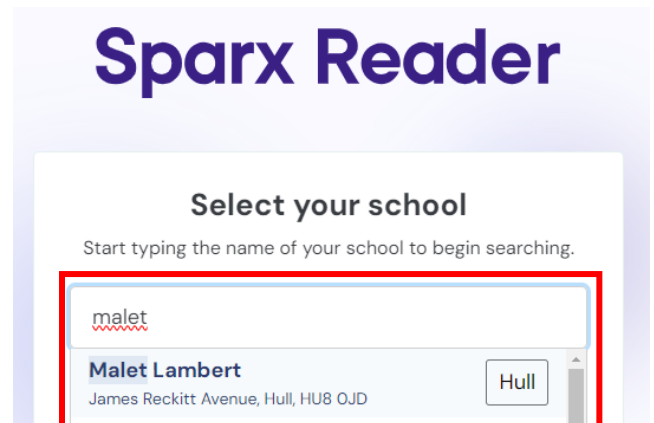

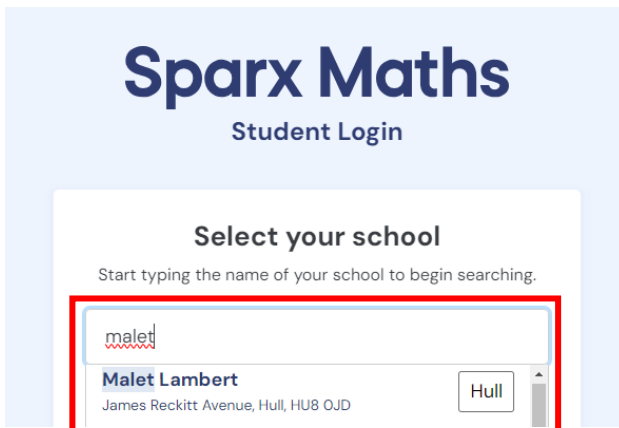

- 3) On the **RM Unify** login page, enter your **school email address** and **password** in the in the boxes provided and click **Sign In**, email addresses have the following layout:  
[username@maletlambert.co.uk](mailto:username@maletlambert.co.uk).

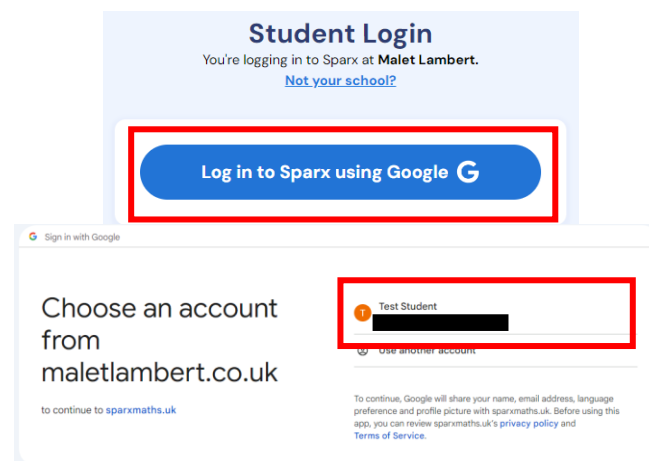

- 4) Once successfully logged in to RM Unify, you will be able to see both the **Sparx Maths** and **Sparx Reader Tiles** at the bottom on the page, **click** on the tile for the lesson that you require.

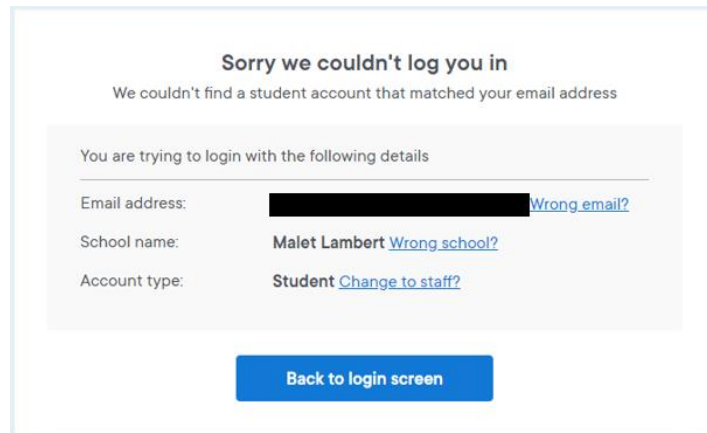

- 5) On Sparx Maths / Sparx Reader, type in and select **Malet Lambert** in the box provided.

- 6) You will then be prompted to log on using your School Google login, click on **'Log in to Sparx using Google'** and then select your email address. You may be prompted to enter your school password again, this will be the same password as your RM Unify password.

7) You should have now successfully logged onto Sparx. If you receive the following error then please speak with your teacher.

### Troubleshooting

If you have a personal Google account that is already logged in on your home device, then you will have to log that account out first. The quickest way to log out of your personal Google account is via Google Chrome, click on the circle sound in the top right corner that includes an initial and the select Sign Out.
